

## TIRED WOMEN

### EDITORIAL NOTES.

(From Saturday's Daily Citizen.)

A vote for Andrews is a vote to help build up Albuquerque.

Gov. Otero will face an opposition legislature this winter.

Senator Andrews deserves the solid republican vote of this city and country.

George P. Money, if elected, will see to it that this city does not get that military post.

The death rate among miners from lung disease is much higher than in any other occupation.

Voters are in demand in Colorado. Fifteen dollars each is said to be the going price at Trinidad.

Thomas R. Hubbell will lead the tick at next Tuesday. He deserves to do so.

He is the best sheriff in New Mexico.

Electoral delegate, George P. Money will take good care to prevent Albuquerque getting that postoffice building.

Parker is proving himself to be a cheap ward politician. He is charged by President Roosevelt with uttering falsehoods.

The republicans of this county are making a remarkably active campaign, and will make almost a clean sweep next Tuesday.

Don J. Rankin is the republican candidate for county surveyor. He understands the business thoroughly, and will be elected by a big vote.

San Miguel county will elect an anti-

Otero delegation to the territorial council. Both parties have nominated candidates opposed to the governor.

Gov. Otero takes it as a personal insult if any of his appointees are criticized by the common people. He may conclude to deport all such offenders.

Hon. Jesus Romero the republican candidate for probate judge, will carry every precinct in the county, including the two city precincts. He is all right.

The fate of the Russian navy are as least as such as to lessen the humiliation which Spain feels when she recalls the fact that she, too, once had a navy.

The United States postal service is not self supporting. For the fiscal year ending June 30, 1903, the expenditures were \$158,784,488 and the receipts \$134,224,443.

James A. Summers has made a most excellent clerk of the probate court.

He is up again before the people for re-election, and will be successful by a crushing majority.

Senator Andrews is a builder. His work in New Mexico has helped to remove much of the desert waste. His railroad building has developed the central portion of the territory.

Alfred Grunfeld and Severo Sanchez are the two candidates for county commissioners on the republican ticket.

Both are good citizens and will be elected by the usual republican majorities.

Frank Durham, Rafael Chaves, Gerardo Pacheco, Nicanor Martinez and Faustino Armijo are the republican candidates for river commissioners. They are all water experts and will be elected by his majorities.

Rafael Vigil is the republican candidate for superintendent of the county schools. He will carry every precinct in the county and will have a big vote in the city. Estavio will be elected by a big majority.

Judge Refugio Criddle, who will represent Bernalillo county in the lower house of the next territorial legislature, is familiar with the needs of his constituents, and will prove one of the most valuable members of the next legislature.

George F. Arbright is before the people of Bernalillo county as the republican candidate for assessor. He is thoroughly familiar with the duties of the office, and will receive the full republican vote of the county and city on election day.

Hon. Thomas N. Wilkerson, the candidate of the republican party for representative from Bernalillo and McKinley counties, will be elected by the usual republican majority. He will prove an excellent member of the territorial legislature.

The site of Port Arthur is titanite.

The slopes of the defenses drip with blood.

Forty thousand Japanese have lost their lives in assaults upon the fortress.

Its defense will go down in history as one of the most heroic of the many memorable sieges.

It is estimated that the postoffice department will require \$182,784,495 for the fiscal year 1904. In 1896 the expenditures were only \$80,626,236. An increase of over 100 per cent. in ten years is a tremendous showing, and dwarfs the record of any previous ten years in the history of the department.

To one who will take the trouble to study the conditions as formerly stated, and the results thus far attained, they will find that progress has been such that today health conditions are upon a basis sufficiently permanent to warrant an expression of future expectations.

Up to March 26, 1902, when Asiatic cholera entered the islands, actual health work had been confined principally to Manila, although laws governing health matters in provinces and municipalities had been enacted and were in operation.

In Manila a great fight had been waged against bubonic plague and smallpox almost since the day the army assumed control of the city.

This work has been gradually perfect until those diseases were under absolute control, and the American and foreign population had never been threatened.

The Homestake mines are the property of the Hearsts and are controlled by William R. Hearst and his mother.

"A Deadwood, S. D., special says:

"William R. Hearst, democratic candidate for the nomination for president before the St. Louis convention, is apparently supporting Roosevelt for the presidency."

The last exhibit of the Herald is a special dispatch from Boston, which reads:

"A Deadwood, S. D., special says:

"William R. Hearst, democratic candidate for the nomination for president before the St. Louis convention, is apparently supporting Roosevelt for the presidency."

The Homestake mines are the property of the Hearsts and are controlled by William R. Hearst and his mother.

"When William R. Hearst was a candidate for the nomination he directed the Homestake managers to vote for him in the convention of the Black Hills counties, and every county sent delegates favorable to him to the state convention. These in turn declared for Hearst, and sent a delegation instructed with him, with former Senator Pettigrew heading the delegation."

If Mr. Hearst is advising his employer that "in voting for Roosevelt they are voting for a continuance of prosperity," he is manifesting a keen comprehension of the facts.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists.
